# FRANK LLOYD WRIGHT ARCHITECT GIFT SET

## LEATHERETTE GIFT SET BOX W/ POCKET SCALE & MECHANICAL PENCIL

The ideal gift for architects, drafting professionals and students, as well as any Frank Lloyd Wright fan, this Gift Set includes:

- 6" Aluminum Architect Pocket Scale with a pocket clip, inscribed with an inspirational Wright quote, and
- an "autographed" aluminum-finish mechanical pencil.

The Gift Set is packaged in a handsome double-hinged leatherette gift box, featuring an inspirational Wright quote and his famous Ramp Spirals design.

The Ramp Spirals cover design is derived from several of Wright's projects and inspired by the spiraling ramps of Frank Lloyd Wright's circular building designs, created in the last decades of his career. Wright included spiral ramps in several of his unexecuted designs and in three of his built projects: the V.C. Morris Gift Shop, David & Gladys Wright House and, possibly his most well-known building, the Solomon R. Guggenheim Museum in New York City.
